

DC/DC Converter

High Voltage (96V/110V/300V) DC/DC Converter

- High voltage 30~600W DC/DC brick for board mount,high reliability for industry,commercial,communication,transportation and medical application:
- Input voltage:96V(65~150),110V(82~180),300V(200~400)
- Output voltage:5V,12V,15V,18V,24V,28V,36V,48V.
- Input-output isolated voltage:1.5KV
- 96V,110V input max up to 600W for railway application.
- Customized voltage is welcome.
